The recent election of Isham G. Harris s senator from Tennessee was read with much interest by the friends of hat gentleman in this city. Living in and hear the city are many of the sol-dier friends of Mr. Harris and they were pleased at the honorable preferment of their old comrade. The matter was discussed by them at the time of the elecnence by a recent article detailing how Confederacy, Senator Harris, then governor of Tennessee, seized the funds of he state, amounting to many thousands of dollars, and fled with them to Mexitled and peace reigned again, brought the cash all back and restored it to the state without the loss of a cent.

Probably no man in the country was n so good a position to know the real facts in the case as was General Jo-Shelby, and yesterday he told the story of the whole affair to a crowd of friends in his office. He said:

"The story has been published many times before and as often denied and disputed. I want to state the facts now, and I am in a position to make an official denial of the statement, for I know that when Isham G.
